TAG DAY FOR CHARITY	Bid	Asked
Saturday, September 25, is state-wide tag day for the Crittenton Mission at Reno, an institution that is a home for dependent children and for destitute and unfortunate women. Tags may be purchased for a dime. Those who are not within reach of the ladies who sell are requested to send a dime to the mission at Reno and they will receive the tag.		

## GRAND JURY BUSY

The United States grand jury begins its labors next Monday and has something like sixty cases to consider, among them being four postoffices, two white slave cases and the balance being divided up about equally between the violation of the drug law and selling liquor to Indians.—Appeal.

## IN CLARK COUNTY CLASS

The Fallon country is producing a quality of cantaloupe that puts that section in the same class with Clark county, Rocky Ford and Imperial valley, says the Appeal. The melon ripens later in the season, but that does not deteriorate from its flavor. It gives melon lovers a longer crack at it.

## GOVERNOR REPRIEVES SENTENCED MURDERERS

PARDON BOARD OF CALIFORNIA WILL CONSIDER PLEA FOR COMMUTATION

(By Associated Press.)

SACRAMENTO, Sept. 16.—Governor Johnson has reprieved Ferrando Mamalito, Charles Oxnam, and Glenn Wilt, awaiting execution for murders. These with Loomis and Bundy, also murderers, will be investigated by the pardon board as to their merits for reprieve or commutation.

If you want the telegraph and local news—try the Bonanza.

## WORKING MORE MEN THAN BEFORE FIRE

NO FEAR THAT CAMPBELL & KELLY WILL ABANDON TONOPAH FIELD

Rumor has been current for some time that the firm of Campbell & Kelly, after suffering almost a total loss through fire, would move their establishment to either Goldfield or Reno. As a matter of fact it is understood that each of these towns made a liberal offer. The Goldfield proposition, it is said, was turned down after proper consideration, while nothing has positively developed in the Reno matter, but even if it should come about, it would mean simply a branching out of the firm and not closing down or even reducing its establishment here.

As soon as the insurance adjusters had completed their work the firm began to rebuild. The foundry was first in operation and now is doing business at the same old stand. Through the courtesy of the West End company the firm's machine work is now done in the mill shop. Cement has arrived and a concrete floor is being laid for the new machine shop. It will be equipped with modern machinery. The building will contain very little wood and will be as nearly fireproof as possible. While no large contracts have yet been undertaken, the plant is busy with custom work and there are eighteen men on the payroll.

## OFFICERS NOMINATED BY STUDENT BODY

TONOPAH SCHOOL OF MINES IN A FLOURISHING CONDITION AT TERM OPENING

At a meeting of the student body of the Tonopah School of Mines, held in the old high school building last evening, constitution and bylaws were adopted. A number of business matters were attended to and practically all the business of the former term was concluded, except that of the benefit dance and the committee having that in charge was continued in force until the final report is made and accepted.

The student body then nominated officers as follows: President, A. A. Richie, P. McEvoy and T. Farrell; vice president, Lyn Arnold and A. A. Richie; secretary, Lewis Ross; treasurer, C. Toland, E. Lamb, L. Wills and L. Irwin; sergeant-at-arms, F. Grady, Guy Roberts, C. Toland and A. Allemand; auditing committee, J. Haugh, O. F. Hecker, P. McEvoy, W. H. Harrison and J. H. Moore. Nominations will remain open until 7 o'clock Saturday evening and the election will take place some evening next week.

There are now 27 students enrolled, nearly all of whom are employed in the mines and mills. Laboratory work will be taken up some time next week. Prof. Bennett now giving preliminary textbook instruction.

## BIG POWER PLANT UNDER CONSTRUCTION

SILVER LAKE WILL ULTIMATELY DEVELOP 150,000 HORSEPOWER ELECTRICAL ENERGY

Manager Bruce of the local branch of the Nevada-California Power company receives advice that 350 men are now employed in the construction of a power plant at Silver Lake, which will develop in its initial unit 15,000 horsepower. It is planned to later make the development 150,000 horsepower. This plant will not directly supply Tonopah and other Nevada mining camps using electric power, but may be cut in as an auxiliary in times of emergency. Work on the new plant is progressing very rapidly, it being hastened because of the approach of cold weather.

## FREIGHT ACCUMULATES BECAUSE OF STRIKE

DENIAL THAT TROUBLE IS OCCASIONED BY PROPAGANDA FROM GERMANY

(By Associated Press.)

NEW YORK, Sept. 16.—Thousands of tons of freight, mostly munitions for export, are accumulating in the yards of the West Shore railroad, owing to the strike of longshoremen, who deny that the strike is the result of foreign propaganda. They demand an increase in wages.

## GOVERNOR REPRIEVES SENTENCED MURDERERS

PARDON BOARD OF CALIFORNIA WILL CONSIDER PLEA FOR COMMUTATION

(By Associated Press.)

SACRAMENTO, Sept. 16.—Governor Johnson has reprieved Ferrando Mamalito, Charles Oxnam, and Glenn Wilt, awaiting execution for murders. These with Loomis and Bundy, also murderers, will be investigated by the pardon board as to their merits for reprieve or commutation.

If you want the telegraph and local news—try the Bonanza.

## CHURCH BUILDING WILL BE ENLARGED

PRESBYTERIANS TO MAKE EXTENSIVE IMPROVEMENTS TO THEIR STRUCTURE

The Presbyterian church building of this city and the other accommodations were so limited and the work of that organization so thriving, that it became impossible to carry on the many phases of it with any degree of efficiency. In order that the cause may be unhampered the workers decided that they must have larger and better equipment. The work, especially the Sabbath school, is demanding this. For example there are eight Sunday school classes in a room 25 by 30 feet.

The plan is this: To make an extension 16 or 18 feet wide, the entire length of the church, and that rolling partitions separate this from the main room of the church. This new addition will be further divided into Sabbath school rooms and at the same time arranged so that the entire can be thrown open and used as one large auditorium. In the rear of this new part of the addition there will be a nice modern kitchen, for the Ladies' Aid. Those who have tasted of the annual chicken dinner which the ladies serve, realize the importance of giving them room and equipment with which to work.

The roof of the present building will be repaired. The entire of the inside will be renovated. New side walls, ceiling, fresco, etc. The organ will be placed in the center of the platform in an alcove built for the purpose. Also there will be a choir room leading from the rear to the platform. This briefly is the plan. The men of the church are so zealous for the addition that they have agreed to donate not only of their means, but also of their time and do the work themselves, if need be.

## FIFTEEN CARLOADS OF TOURISTS GO THROUGH

AN AVERAGE OF FIFTY CARS A MONTH MAKE TONOPAH THEIR PLACE OF STOPOVER

The record of the season in the matter of number of automobile tourists stopping over in Tonopah was broken last night when twelve cars put up at the Tonopah Auto Supply company's garage, while two other parties camped at the ball park and another belated party arrived early in the morning.

It is estimated that between fifty and sixty overland auto parties visit Tonopah each month during the summer season. This number will be augmented soon when snows close the Lincoln highway across the Sierra and the tourists must detour by way of the Midland route, the road for winter travel.

## MINING COMPANIES BEFORE THE BOARD

HEARING BEFORE THE EQUALIZERS ON MATTER OF INCREASING VALUATIONS

At a meeting of the state board of equalization Tuesday a number of mining companies of the state were represented and had a hearing before the board relative to the increase in the assessed valuation of the properties of the several companies, says the Carson News.

The companies represented were as follows: Nevada Consolidated Copper company, represented by C. V. Jenkins, general manager, and Charles Chandler, attorney for the company.

Groux Consolidated, represented by Charles Chandler, as attorney for the company.

Tonopah Mining company and the Desert Power and Mill company, represented by Hugh Brown, attorney, and T. A. Frazier, assistant controller.

Tonopah Belmont Development company, the Belmont Mining company, and the Jim Butler Mining company, all represented by F. Bradshaw, superintendent.

The Tonopah Extension Mining company, represented by John G. Kircan, general manager, and Percy Booth, auditor.

After detailed hearings in the 1915 assessment the cases were taken under advisement and will be acted upon in executive session within the next few days.

## PACIFIC MAIL LOSES

(By Associated Press.)

NEW YORK, Sept. 16.—Federal Judge Hough in a decision rendered here today sustained the contentions made by the government in the admiralty suit for \$800,000 brought by the Pacific Mail Steamship company, as owner of the steamer Newport, against the Panama Railroad company.

After detailed hearings in the 1915 assessment the cases were taken under advisement and will be acted upon in executive session within the next few days.

## NEW BUTLER OPENS TOMORROW EVENING

TONOPAH NOW HAS A PLAYHOUSE THAT IS CONSTRUCTED ALONG MODERN LINES

When the curtain rises—but curtains don't rise at "movies"—tomorrow evening, but when the lights are dimmed and the operator starts grinding at the New Butler, the 700 people who are comfortably seated there will have reason to congratulate Jules E. Smith, who is the personification of the Tonopah and Goldfield Amusement company, for his foresight in making heavy expenditures on the structure and be grateful to him for doing so.

The building, which was closed for the past month, has been most thoroughly remodeled and rebuilt along the lines of the most modern moving picture theater. The balcony is the principal innovation. It seats 150 people and has exclusive boxes, such as have been long needed but no one had thought of providing in a Tonopah theater.

The color scheme of the New Butler was discussed in this paper yesterday but no mention was made of a number of other improvements, one of which is the provision of adequate exits from both floors, making it possible to walk out of the crowded house as though one were its only occupant. The floors are also covered with dustproof, sanitary oil. An additional suction fan has been installed, so that the air in the house may be changed every two minutes.

As to the operating room, it is more commodious than the old one and is positively fireproof, it having automatic appliances that do the work instantly in case anything goes wrong with a film. Mr. Smith has also built for himself a new office adjoining the box office and has installed new chairs in the theater, with comfortable arm rests and coat and hat holders. The people who attend the grand opening are advised to go early tomorrow evening.

## PERSONAL

DENNIS EGAN is quite ill at his home in this city.

L. F. MURDOCK and wife are arrivals from Goldfield.

MRS. A. E. FRITSCH departed today for the exposition.

MRS. JOHN GREGORY returned from Reno this morning.

FRANK WILSON of Panama is spending a few days in this city.

MR. AND MRS. LANDERS were passengers today for San Francisco.

J. B. HUMPHREY is over from Goldfield and is a guest at the Mizpah.

V. S. BARBER and George A. Sowers are arrivals from Reno on a business errand.

MRS. JAMES LANGMAN was a passenger this morning for Grass Valley and San Francisco.

GEORGE H. WHITE and J. Evans left this morning for Los Angeles, where they will engage in business.

CHARLES WITTENBERG has been confined to his home with illness for the past three days, but is improving.

JOHN SHIRLEY, deputy sheriff, Bob Martin and Pete Johnson were visitors from Goldfield yesterday afternoon.

MISS FRANCES WALSH, who had been visiting her sister, Mrs. Horace Campbell, departed for Oakland this morning.

MRS. JULIUS GOLDSMITH and daughters returned on today's train from San Francisco, where they had been for the past several months.

WILL EXEMPLIFY WORK

The Knights of Columbus of Tonopah are looking forward with keen anticipation to Sunday, September 19, when there will be some great events take place in K. C. hall. At this time there will be a rallying of knights from near and far, some of the principal officers being due to arrive from the coast. Work will be exemplified in the major degrees.

TO EARN HIS SPURS

(By Associated Press.)

LONDON, Sept. 16.—Lieutenant H. H. Kitchener, whose commission has just been announced in the Official Gazette, is a nephew of Lord Kitchener. Like his uncle, he has begun his military career with the royal engineers. He has just completed a course of hard training in the north of England, and has gone to earn his spurs in France.

ON AN AUTO TOUR

L. A. Pinkstaff, Dr. R. J. Pace, Mr. and Mrs. W. C. Pace passed through this morning on an auto tour to southern California and the San Francisco exposition.

## AMUSEMENTS

PASTIME THEATER

Tonight is the last night the picture show will be held at the Pastime theater, for tomorrow we will be moved back into the New Butler, which has been remodeled and renovated throughout. The picture tonight is one of exceptional merit, a Fox production featuring Betty Nansen, the incomparable queen of emotional acting, supported by a cast of stars in their own right. Perhaps never before had a woman been called upon to face a problem of such vital importance to herself as presented itself to Marie Baudin. Faced with the tragic responsibility of choosing between her daughter's happiness and the life of an innocent man, there comes into play the world-old, primitive instinct to protect her child. The preliminary reel will be a World Film comedy, "Mashers and Splashes," which will be run ahead of the feature.

Tomorrow, at the New Butler opening, a special program has been prepared. Miss Josephine Saunders, leading woman of the Idora Park Musical Comedy company, Oakland, opens a week's engagement and will appear each night in an entire change of new and popular songs and costumes. The picture will be one of the very best—George Beane, the celebrated character artist, in "The Italian," a Paramount production. There are two boxes in the New Butler containing thirty-seven seats which may be reserved at any time for one or more persons, and are now on sale at both theaters.—Adv.

## FALL OPENING

Miss Urquhart has returned from New York City with a line of carefully selected latest model suits, dresses and coats. Also a stylish line of millinery. The opening will take place Friday and Saturday, September 18 and 19. Elks' building.—Adv874f.
